Jennifer,

Wayne and I would like to get there early to get a feel for the location. What time can we arrive early to do that?

If it's easier to bring disposable plates we can.

I have cc'd Jennifer on that question. Jennifer - do we want glass plates and silverware or do we usually have disposable utensils?

The below menu for \$13 has been confirmed by Wayne Decesaris of Budderfly.
See you on June 3rd.

By the way: you bring all the plates and utensils?

Sure! Are there ovens at the service center I could use or a warming cabinet? Just wondering if I will need to provide my own!

But here's a menu for you:

Butter and warm rolls

Southwest chef's salad: lettuce, tomato, tortilla crisps, roasted corn, Monterrey jack cheese, jalapeño ranch dressing.

Braised brisket, slow cooked tender brisket, shredded with a pan gravy, and served with roast garlic mashed potatoes and brown sugar glazed carrots.

Bread pudding with chocolate chunks and dried cranberries. Served with vanilla custard.

This is at that \$13 price point you sent me.

Bottled tea or water?

Thanks

Chef

The menu is approved. Do we need a tip on top of that price? The group paying wants to know because they have only budgeted \$1000 for this event.

Matthew,

The training kitchen is located here at the Service Center, but will need to check with Student Nutrition to see if they would allow you to use it. I will get back to you.

I am turning you over to Scott Graham, he is with LOMAH Solutions. They are the ones doing the June Meeting Presentation and will pay for the lunch. You and Scott can work out the particulars and figure out exactly what he wants and how to pay. Either me or the Chapter President, Jennifer Malaniuk, will circle back around to you the Monday before the meeting to give you final the head count for the meeting. We typically plan for 60, but we haven't had an in person meeting in over a year. It's going to be hard to predict how many we will have. Some District's still aren't allowing travel to out of town meetings, but on the other hand, we haven't been together in over a year and everyone may want to come see how everyone is doing. The May 6th meeting will be our first in person meeting, hopefully it will give us an idea of what to expect in June.

Scott, please see the suggested menu below and reach out to Matt when you get a chance.

I believe there was chicken breast or pork tenderloin offered. I took the tenderloin. There was a salad and rolls to start, mash potatoes and green beans with the entree and a cheese cake dessert. It's been a couple of years so I could be a little fuzzy on the dessert. But I remember it being quite good.

Matt,

Sorry, we eat at 11:30am. As for the food, whatever \$13.00 - \$14.00 per person will buy. A plated meal of some kind. I'd like to show off your program because the majority of the attendees will be employees of other school districts. The vendor that is paying for the meal is very excited to put the money into your program instead of paying Dickies or Abuelo's for lunch. A couple of years ago, we had a meeting at Wylie ISD and their Culinary Arts Program served a very nice meal. This will be our second in person meeting in over a year so I'm hoping for a good crowd.

Thanks,

Steve

Matt,

On the catering opportunity for the Energy Managers Association we are hosting a meeting for on June 3rd. Not positive about the budget, but would assume around \$800 - \$900. Food and drinks (tea) for 60 possibly 65 depending on the RSVP's we receive. The venue is the conference rooms at the Service Center.
